Part 2 – Expression of Interest Requirements

Issue to be addressed and project description:

Travel Grants

Travel applications support current industry researchers and personnel to attend national or international conferences or events which allow them to present their research and/or build their knowledge and professional networks.

Funding of up to \$2,500 is available to cover transport, accommodation and event registration fees. The proposed travel must be relevant to the Australian cotton industry, and CRDC's preference is for research organisations to co-fund travel.

Scientific Exchanges

Scientific exchanges provide opportunities for industry researchers and personnel to widen their research perspective, gain a broader research experience, build new knowledge, foster scientific collaboration and stimulate Australian cotton research.

Funding of up to \$5,000 is available to cover travel and accommodation costs of the identified exchange candidate. The proposed exchange must be of benefit to the Australian cotton industry, and CRDC's preference is for research organisations to co-fund the exchange.

Expected project outputs and outcomes:

Reporting required for Travel Grants and Scientific Exchanges is dependent on the nature of the travel. CRDC may require a comprehensive report which will be communicated to the applicant at the time of investment approval. In most cases, a report reviewing travel and/or conference participation is due within 30 business days of completing the travel and/or conference attendance.

Project Investment:
